FOUR BLOCKS OF TENTH STREET TO BE IMPROVED NOW

City Will Take Option on Balance Until Next February.

Interest on Borrowed Money Will be Saved.

MAYOR SMITH'S PROPOSAL.

Four blocks of Tenth street will be boulevardized this year, one between Kentucky avenue and Washington street and three at the lower end of the street. The city will secure options on the remaining blocks to widen the street to a hundred feet, and buy them next February. This arrangement was practically agreed upon at a conference between Mayor Smith and Dr. Murrell, president of the park board.

Mayor Smith was in favor of appropriating \$2,000 this year to close options the park board holds to widen Tenth street between Kentucky avenue and Washington street and that was all the park board asked; but when the matter was presented to the general council some of the members said they didn't believe in doing things piecemeal, and the mayor was authorized to buy the strip clear through.

Two obstacles presented themselves: the city hasn't the funds, so it would be necessary to borrow the money to buy the land; and there are no options south of Washington street, and the city would be compelled to negotiate with the property owners, or take the land at the sellers' prices.

When the mayor conferred with Dr. Murrell, he learned that the board had money enough for the four blocks, but not enough for the remainder. So, if the city should borrow money and purchase the land this year, the improvement would not be done any faster than it would be by waiting until next year. By securing options on the land and holding them until February, the city can include the price of them in the budget next January and the deals can be closed in time for the park board to proceed with the remainder of the work of boulevardizing the street as soon as the weather opens up in the spring of 1911.

The property owners will be out nothing by giving the city the options for that length of time, as the work will not be done this year, anyway; and, if they are reasonable in their demands, they will secure a boulevard past their property next year. Of course, if the prices are not reasonable, the city will not buy and the work will go piecemeal until the property owners become reasonable.

Tenth street is 100 feet wide at the lower end and only a few blocks on the north end must be widened.

Assaulted and Robbed. Princeton, Ky., May 23. (Special.)—Leek Guett, a liverman here, was knocked unconscious with a bar of iron and \$10 was taken from him early this morning. He may die.

Convicted Sugar Trust Employee Says Company Continued Wages After His Discharge--Pardoned

Confesses to His Part in Frauds and Testifies For Government in Prosecution of Trust Officials.

New York, May 23.—Oliver Spitzer, convicted last winter of conspiracy to defraud the government and was sentenced to two years in Atlanta prison, was called as a witness against Charles R. Heike, his co-defendant, on trial here today in the sugar cases. After he was sworn, Spitzer pulled a paper from his pocket and said "I've been pardoned by President Taft, and come here to tell the entire truth regarding the sugar frauds."

He was employed by the American Sugar Refining company for 29 years and for 25 years as dock superintendent at Williamsburg.

The pardon was dated May 19, and is unconstitutional. Spitzer made a complete confession of his part in the sugar frauds, contrary to his former testimony. He swore that as far back as 1895 he used devices by means of which sugar was underweighed. He said originally checkers used bags of lead to keep the weight of the sugar down. When the scales were ordered boarded up, he furnished the checkers with two sets of steel springs which could manipulate the scale beams. He told of arranging a signal system to warn checkers when the government officials were about. He said after the discovery of the springs and the discharge of himself and checkers the Sugar Trust paid their wages until they were sent to prison.

Spitzer's story threw the defense into confusion, the attorneys asking that cross-examination be deferred until they decided what to ask him. Spitzer implicated directly all the checkers, Bendernagel, former superintendent, and Ernest Gerbracht.

Spitzer testified that he was the man who bored holes in the scales through which springs were manipulated to defraud the government of \$2,000,000 in duties on imports by the trust. He said the Wall street office of the trust did not use the government weights for any calculations.

After Lumber Trust.

Washington, May 23.—It became known today that the department of justice has started an investigation of the prices of lumber in the various sections of the country, to ascertain whether the lumber trust is subject to prosecution under the Sherman anti-trust law.

More Bucket Shop Men.

Washington, May 23.—Four names of bucket shop men were added to the 29 previously indicted by the department of justice today and two additional bills were returned against Cella and Altemus, forces, who are said to operate under the name of the Standard Stock Grain company, of Jersey City. The four indicted today were Samuel Adler, of New York; C. A. Tilles, William Fox and E. H. Browning, of Baltimore.

Murder That Started 'Third Degree' Crusade

Mays Landing, N. J., May 23.—William Seyler, charged with the murder of Jane Adams, his alleged sweetheart, at Atlantic City pier, February 4, is on trial here today. Special trains carried spectators here. The evidence principally is circumstantial. The attempt of the police to make him confess resulted in exhaustion when the last juror, Cosehn, was chosen, only one hour and 15 minutes was consumed in completing the jury.

Bryce Will Remain. Washington, May 23.—There is a rumor that Ambassador Bryce, of England, has asked to be relieved. It is denied on both sides. King George expresses himself as anxious for Bryce to remain.

THE WEATHER

The predictions and temperature for the past twenty-four hours will be found at the top of the seventh column on page seven.

INCUBATOR CASE.

Kansas City, May 23.—F. H. Tillotson, the Kansas City detective, convicted of kidnapping Marian Bleakley, the incubator baby, was given an indeterminate sentence of one to five years in the penitentiary today. Tillotson is to appeal to the supreme court.

ANOTHER CAR HIT LITTLE BOY

BUT QUICK ACTION OF MOTOR-MAN SAVED HIM FROM SERIOUS INJURY.

Suddenly stepping in front of an approaching street car, Lineal Baldwin, the eight-year-old son of J. W. Baldwin, of Mayfield, had a narrow escape from death yesterday afternoon about 3 o'clock at Seventh street and Broadway. The boy with his father dismounted from an east bound Broadway street car, and started across the double tracks. Street car No. 3 was going west, and as he stepped from behind the car the boy was struck. The car struck him behind the car, and he was thrown to the track. Motorman L. A. Grisham reversed his car, which was not moving rapidly, and stopped it before the wheels reached the body of the lad.

The boy was pulled from underneath the street car, but a medical examination showed that he was not injured seriously. The skin was broken, and he was bruised about the body.

Mrs. Drew Farmer.

Mrs. Drew Farmer, 36 years old, of near Sharp, Marshall county, died last Saturday morning at 9 o'clock of the measles. She was buried Sunday at Symsonia. She leaves her husband and four children.

ESTRADA'S WHOLE PURPOSE EXPOSED

ONLY SEEKS INTERVENTION BY THE UNITED STATES IN NICARAGUA.

Bluefields, Nicaragua, May 23.—Leading political advisers of Provisional President Estrada admitted today that the sole object of Estrada's prolongation of war is final intervention by the United States. It is said Estrada realizes he can never crush the government, but he believes he can keep up hostilities until the United States will step in, pending the selection of a new president.

Murder That Started 'Third Degree' Crusade

at Petersburg, Va. Orvis is held as a material witness. His story that Jane and his brother were left out on the end of the pier, confirmed the story as to Alice Adams. Seyler claims the girl fell accidentally into the water. He said he tried to find her but couldn't.

Although a special panel was nearly exhausted when the last juror, Cosehn, was chosen, only one hour and 15 minutes was consumed in completing the jury.

CHICAGO RAILWAY CO. IN HANDS OF RECEIVER

Chicago, May 23.—The Chicago Railway company was unexpectedly thrown into the hands of a receiver today. The traction company owes the Westinghouse Electrical Manufacturing company \$69,000, which it was unable to pay on account of judgments, aggregating \$1,300,000 outstanding against it.

EDUCATION FOR STATE SUBJECT OF HIS ORATION

Dr. Claxton, of Tennessee University, Announces His Address.

Mrs. Dorian's Commencement Plans.

COUNTY SCHOOL BOARD MEETS.

"Education for the State" is the subject of the commencement address, which will be delivered by Dr. P. E. Claxton, of the University of Tennessee, to the graduating class of the High school. The subject of his address was received this morning by Superintendent J. A. Carnegie. Dr. Claxton is an eloquent speaker as well as a brilliant thinker and his address is expected to be full of interest for the young graduates.

Again this year the baccalaureate sermon will be delivered in the Kentucky theater in order to accommodate the large number of friends of the graduates and the student body. The sermon will be delivered in the evening of June 5 by the Rev. H. W. Burwell, pastor of the First Presbyterian church. The graduates will attend the sermon in a body while the undergraduates will also be present, seats being reserved for the student body. It is intended for each class to wear the class colors, and the white carnation, the High school flower. The boxes will be occupied by the members of the faculty and the school trustees.

The teachers of the schools this week will submit questions from which the examinations will be compiled. Next week will be the last regular week of school work. This week the students are reviewing the work accomplished during the last semester in preparation for the examination which will begin June 6.

Dorian Private School.

The first commencement of the Dorian private school will be held June 15, when a class of three students will be awarded diplomas. The commencement exercises will be held at the Knights of Columbus hall. Invitations will be issued June 1. The members of the class are: Miss Willie Mae Rascoe, Miss Bazie Friedrich and Miss Mary Murrin Dorian. A musical program will be rendered at the commencement.

It will be the first commencement of the private school although Mrs. John J. Dorian began the school nine years ago. Besides the business course offered in the school she given students special work and preparatory work for entering college. The school has been remarkably successful, and next year it is planned to inaugurate the school on a more extensive scale.

A course in art and music will be inaugurated and the faculty will be increased. This year Mrs. Dorian has been assisted by Prof. Augustus Brahm, who taught the French classes. The school has filled a long felt need in Paducah and Mrs. Dorian's friends are glad to see her so successful.

County School Board.

The county school board was in session today at the court house for the monthly session. This morning the board transacted only routine business. This afternoon the erection of a new school building near Ragland, to replace the Lee school, which was destroyed by fire last winter. The board ordered plans drawn, and at the next meeting will authorize the letting of the contract. The building will be completed in time for the next school session.

The purchasing of seats for the new county High school and other schools was taken up this afternoon. Several firms are after the contract, and the representatives were given an opportunity to explain to the trustees the samples which were submitted. About 200 double desks and 100 single desks will be purchased.

This afternoon the board will take up the question of changing the boundary lines of certain school districts. Some of the schools are overcrowded, while at other schools the census shows a decrease in the number of pupils. Present at the meeting today were: L. W. Pezzer, county school superintendent, and Trustees Adecock, Anderson and Straub.

Tobacco Magnate Ill

Durham, N. C., May 23.—Benjamin Duke, president of the American Tobacco company, a multi-millionaire, is ill here of typhoid fever. His family is apprehensive over the outcome.

Names of Anarchists Who Plotted Death of Portuguese Royal House Exposed by Prisoner's Confession

More Than Thousand in Paris New York and Rio Janeiro Who Will be Extradited for Crim.

Lisbon, May 23.—Through a confession today of an anarchist named Ramires, one of the conspirators in the assassination of February, 1908, of King Carlos and Crown Prince Luiz, of Portugal, the identity of 1,146 others of the conspirators in the crime was revealed. He says the leaders are still in communication, their aim being to assassinate Manuel. The authorities are obtaining evidence for extradition from New York, Paris and Rio Janeiro of leaders of the band. Ramires was caught in Brazil.

Real French Duel.

Paris, May 23.—Ismael De Lesseps who crossed the English channel in an aeroplane, was seriously wounded in a pistol duel with Count Poligny today. They quarreled over a woman. Two other duels, both bloodless, were fought.

Poligny also was slightly injured by a bullet striking his own weapon and glancing into his arm. They have had two other duels before. Jean Sala, a Spanish painter, who created a sensation last week by shooting holes through several pictures because his own hung in a dark corner at the Salon exhibit, fought Max and Alex Fischer, whose pictures are among those ruined by Sala. None of the participants was hit.

Oxford Lecture.

London, May 23.—Roosevelt's Oxford lecture will be delivered on June 7.

Kaiser Wilhelm left London today for Sheerness, where he will board the imperial yacht Hohenzollern. He will depart for Berlin tomorrow.

PULLMAN SERVICE FOR PADUCAH PASSENGERS

It is pleasant news to Paducahans that their request has been granted by the Illinois Central railroad, and a special Pullman sleeping car will be run on the night passenger trains between Paducah and Louisville. The service will begin tomorrow night. The sleeper will be open at 9 o'clock for passengers to take their berths, and at 1:30 o'clock in the morning the coach will be attached to fast passenger train, arriving in Louisville about 8 o'clock the next morning. Returning, the sleeper will leave Louisville every night at 9:40 o'clock, and will be dropped here from train No. 103 at 4 o'clock every morning, and the passengers may sleep in their berths until 7 o'clock.

STATE SUPERINTENDENT K. OF P. WILL BE IN PADUCAH.

Mr. A. C. Byers, of Lexington, state superintendent for the insurance department, Knight of Pythias, will be in Paducah tonight, and will attend the regular meeting of the local lodge. All members are urged to be present at the session tonight, as important business will be transacted.

COMPLAINS AT FOREST SERVICE

LETTERS CHARGING MISMANAGEMENT IN INTERIOR DEPARTMENT.

Washington, May 23.—Through publication today of a printed report of the last session of the Ballinger-Pinchot investigation, several scores of letters and complaints were received by the committee since January 1, against the forestry service and the interior department were made public. One complainant referred to the forest rangers of Oregon "as a set of official ruffians," and another as a "curse to the country."

Of 36 letters 34 complained against the forest service. W. F. Letcher, of Boise, Idaho, charged that a contract let by Secretary Ballinger for the survey of the Idaho-Montana boundary was without competition, and therefore illegal. Complaints against the bureau run all the way from charges of incompetency to complaints of inclusion of agricultural lands in the reservation.

END OF SNELL.

Chicago, May 23.—Albert J. Snell, son of Amos J. Snell, a millionaire, who has mysteriously murdered in 1888, and brother of Mrs. Grace Snell-Coffin-Coffin-Walker-Coffin-Layman-Love, known as the most married and divorced woman in the United States, was found dead in a cheap rooming house here today. The police are unable to tell the cause of his death.

MRS. BEYER

PROMINENT GERMAN LADY PASSES AWAY.

Mrs. Susanna Schmidt Beyer, the beloved wife of Mr. Frederick Beyer, Sr., a prosperous German farmer, living on the Benton road about 10 miles from this city, quietly passed away this morning at about 6 o'clock, after a prolonged illness of several months. Mrs. Beyer was born July 28, 1846, at Kaiserslautern, Koengrich Bayern, Germany, and came to America, locating at Paducah in the year 1853. On November 20, 1867, she united in wedlock with Mr. Frederick Beyer. This union was blessed with eight children, seven of whom survive her. The children are: Mr. Frederick Beyer, Jr., Theo Ulrich, John, Henry and William, Mrs. Henry Hülke and Miss Maggie Beyer. Three sisters also survive: Mrs. Ulrich Beyer, Sr., Mrs. Lenie Fye and Mrs. Fred Seitz.

Mrs. Beyer was a devout Christian woman and a staunch member of the German Lutheran church. She was loved and esteemed by all who knew her and a host of friends will regret to learn of her departure.

The funeral services will be held tomorrow (Tuesday) afternoon, the Rev. William Grother officiating. The services at the home will take place at 1 o'clock and be held in the German language. The remains will then be taken to St. Matthews Lutheran church on the Friendship and St. Johns road, where the funeral sermon will be preached in the English language at 2:30 o'clock. The burial will be in the Beyer cemetery.

The pallbearers will be: Messrs. Charles Schmaus, William Schmidt, Fred Schmidt, Fred Kamleiter, Fred Kreutzer, William Dambach.

CONFEDERATE MONUMENT BASE HAS ARRIVED HERE

The base for the Confederate monument to be erected by the Paducah camp of Confederate Veterans and the Paducah chapter, U. D. C. at Oak Grove cemetery, arrived Saturday and is being removed to Oak Grove this afternoon. It is of Vermont stone, a light granite, and will be surmounted by a tall shaft of graceful proportion, light gray in tone.

The unveiling ceremonies will be on June 2, the birthday of Jefferson Davis, the Confederacy's president. Mr. R. J. Barber and Dr. D. G. Murrell will be the speakers for the occasion.

Crosses of honor will be conferred on 32 veterans, representing camps at Paducah, Wickliffe and Benton, at this time.

FIRST NATIONAL BUILDING SITE

Work of wrecking the two-story building on the southeast corner of Third street and Broadway, for the new First National bank building, was begun this morning by Contractor M. H. Weikel with a large crew of laborers. Contractor Weikel returned this morning from St. Louis, where the C. L. Gray Construction company sublet the contract to clear the site and excavations to him. This company has the contract to build the handsome stone bank building to be occupied by the First National. The site will be cleared off this week and excavations started next week. Contractor Weikel was also the successful bidder in clearing the site at Fourth street and Broadway and making excavations for the ten-story steel building to be occupied by the City National bank.

MOTHER LEAVES INFANT IN ARMS OF HOTEL GUEST

Starts Ostensibly For Cairo on Steamboat This Morning.

Registered as Mrs. Thomas at New Richmond.

EFFORTS MADE TO FIND HER.

Chief Singery received a telephone message from Chief Egan at 3 o'clock this afternoon stating that Mrs. Thomas had been found at Cairo. She will be brought back here at once.

Leaving her 3-weeks-old infant boy, a strange young woman, who registered at the New Richmond house, First street and Broadway, as "Mrs. Thomas," yesterday morning boarded the steamer Dick Fowler at 8 o'clock this morning and disappeared.

The child was left in the care of Mrs. Weatherwax, a boarder, ten minutes before 8 o'clock by the mother, who promised to return in a few minutes, saying that she was going to the wharfbank to check a trunk. That was the last seen of her. Chief of Police Singery was notified by the hotel proprietors, and an investigation was inaugurated. A message was sent Chief of Police Egan at Cairo, asking him to look out for the woman, who was thought to be destined for that point.

With her baby and a basket of clothes the woman took passage on the steamer John L. Lowry at Shawneetown, Ill., about 60 miles above here at 10:20 o'clock Saturday night, arriving here about 9 o'clock Sunday morning. She told Clerk Louis Kittling of her intention of going to Cairo, Ill., and when the boat landed at the Paducah wharfbank Capt. C. F. Phillips was asked to see her to the Cairo train. Being unable to catch the train the woman took room No. 53 at the New Richmond. On the steamer it will be cared for at the Home of the Friendless. Mrs. Thomas has dark brown hair and looked to weigh not more than 115 pounds. She was plainly dressed, and said to be very attractive.

Her only baggage was a cloth basket, containing the child's clothing. The basket and baby were left behind and Dr. Della Caldwell took charge of the infant. It will be cared for at the Home of the Friendless. Mrs. Thomas has dark brown hair and looked to weigh not more than 115 pounds. She was plainly dressed, and said to be very attractive.

CHALLENGE

GARFIELD FROGGE IS AFTER GOODMAN.

The challenge of Garfield Frogge for a bout with any local boxer, Sam Goodman preferred, did not remain idle, as Goodman has already accepted it, providing Frogge can reach his terms. Goodman says he is not a professional boxer, but to settle the keen rivalry he stands ready to box a finish fight, straight Marquis of Queensberry rules, and to weigh in at 140 pounds in the afternoon at 3 o'clock with a purse of \$100 on the side. Frogge wants the weight fixed at 150 pounds, and box any number of rounds above ten. The greatest drawback to the match will be the weight, as Goodman tips the scales at 140 while it is doubtful if Frogge can crawl down under 150 pounds.

Both have many supporters in the city, and several times they have sparred. Goodman is one of the cleverest mit artists in the city. Both are game and have plenty of backers in the city. Frogge now is a blacksmith at Princeton, but formerly resided in the city.

The many friends of Mr. J. E. McCabe, assistant superintendent of the Louisville division of the Illinois Central railroad, will be sorry to learn that his mother, Mrs. McCabe, died Saturday at her home in Des Moines, Ia. Mr. McCabe left Princeton Friday for the bedside of his mother, who died before he reached Des Moines, however. Mrs. McCabe was 84 years old.

HARMONY SINGING

BENTON RECORDS BROKEN IN NUMBER OF VISITORS.

Thousands Crowd Capital of Mar-
shall and Join in Old Time
Songs.

All records were broken yesterday
at the twenty-fifth annual old South-
ern Harmony singing, which was
held at Eureka park, when the
visitors were present, and the cap-
ital of Marshall county was filled to
overflowing. The singing was held
in the court house and it was a
grand affair for the older citizens.
The special train, which was run by
the Nashville, Chattanooga & St.
Louis railroad was filled with sev-
eral hundred people besides the
regular morning train, which car-
ried extra coaches.

Cairo Cleaned Up.

Cairo gave the local colored fans
a thousand heart aches yesterday af-
ternoon at Eureka park, when the
Calroites won by a score of 8 to 1.
The Paducah batters were unable to
hit Hill, who had the credit of 18
strikeouts. Washington pitched a
creditable game for Paducah, but
was unable to win with the failure
of his support to hit. Seven of the
Calro batters fanned. Several weeks
ago the Paducah team defeated the
Mud team, and for revenge the Cairo
team secured a number of stronger
players, and had everything their
way yesterday.

FIRST GAME OF LEAGUE PLAYERS

ATTRACTS SEVERAL HUNDRED FANS TO THE PARK.

Regulars and Colts Have Fast Con-
test Sunday Afternoon.

ALL PITCHERS SHOW UP WELL

Several hundred fans saw the first
exhibition game of the season of the
candidates for positions on the Pa-
ducah league team yesterday after-
noon. The game ended with the
Regulars victors over the Colts by a
score of 2 to 1, after a good article
of the national pastime had been
played. It was not so much the
score that appealed to the fans, but
it was the opportunity of sizing up
the players that will defend Padu-
cah on the diamond this season.

Opinions were varied, but the ma-
jority of fans were satisfied that the
Indians have some good players and
a strong team could be developed.
The pitchers held the batters down
well. Harris started the game for
the Regulars and allowed only one
score. He twirled excellent ball. In
the fifth inning he was succeeded by
Guinn, who refused to permit the
Colts to score. Crane pitched the
first innings for the Colts and dem-
onstrated that he has some curves
that fool the batters. Not a run
was scored while he was in the box.
Tadlock succeeded him and was less
fortunate, as two runs were scored
on the tall boy.

The Colts made their score in the
second inning when Corbett worked
his way around the sacks and scored
on a hit. In the seventh inning the
Regulars tied the score. Tidwell
was safe at first on a muff by Keely,
while Hart lined the sphere out for
two sacks, and Tidwell tallied, but
the sacks were cleaned by a double
play. The game was won by the
Regulars in the eighth inning, when
Guinn assisted in winning his game.
Guinn hit safe to right field. Ange-
meier bunted and both runners
were safe. Payne bunted and Guinn
scored on the squeeze play.

All the local players showed up
well. In the line-up of the Regulars
Harris in right field helped win
the game by a two-base drive, while
Robertson at short made several
pretty pickups. Carroll on the
initial corner did good work, and
Manager Cooper played a neat third
sack. In the lineup of the Colts
Block did stellar work behind the
bat, while Brahe on the second sack
was perfectly at home. Mercer on
third was crippled by sliding in the
first inning, but played a good game
considering his handicap.

The teams lined up:
REGULARS. Overton, c.; Block,
Harris, p.; Guinn, 1b.; Carroll, 2b.;
Tidwell, 3b.; Cooper, ss.; Lockhart,
Angemeier, lf.; Jefferson, cf.; Corbett,
Hart, rf.; Keely, umpire; Brahe, l.

Diamond Dust.
The new uniforms will not be put
in use until the opening of the sea-
son. As a result the field looked
like a crazy quilt. The players wore
uniforms of every color and design.
Block and Overton are both good
catchers, and it will be a pretty race
for the regular position. Overton is
from New Albany, while Block is a
local boy, who has played on all the
local teams.

In Guinn, Harris and Crane the
local team has a trio of pitchers
who should hold the other teams
down. Tadlock promises to develop
into a good twirler.

Vincennes Modest.

The new uniforms of the Vin-
cennes baseball club arrived this
morning. The uniforms are the
most attractive and best a local club
has ever owned. They contain prac-
tically no "gingerbread," being very
plain. They are of grey cloth and
the fronts of the blouses are orna-
mented with the word Vincennes in
handsome blue letters. The stockings
are blue as are the caps and the
combination is very attractive. The
belts are black. One feature of the
uniform is the detachable sleeve.
This sleeve can be detached above
the elbow or can be worn to reach
the wrist.—Capital.

The Vincennes Opening.

It is planned to reach League
park about 2:30 o'clock and between
2:30 and 3:00 o'clock a concert will
be given by the First Regiment
band. At 3 o'clock a balloon ascen-
sion and parachute leap will be of-
fered, the balloon to rise from the
ball park. The two teams will then
be given 30 minutes practice and the
game will be called. Mayor Mc-
Dowell will step to the plate and
pitch the first ball. The season will
then be on and the race will have
begun.

There will be more than the
usual interest in the opening game
in that the Clarksville team will
have no idea of the strength of the
Vincennes team and the Vincennes
team will have no idea of the
strength of Clarksville. Manager
Bridges of the Clarksville team is
an old time ball player who has been
in the Southern and National league,
but outside of him the standing of
the other members of his organiza-
tion is not known. Manager Nairn
feels he has a team that will more
than hold its own, but says if he
has not he will have it before the
season is a month old.—Capital.

The Princeton, Ind., independent
team had no chance with the Vin-
cennes Kitty leaguers yesterday and
were compelled to take a coat of
whitewash while the visitors sent
five runs over the plate and could
have added more had they felt dis-

In the Night Rider Camp.
The most likely players of those
on trial here were sent to Owensboro
for a game with the Grays of that
town. The players who went are:
Brown, first base; Anderson, second
base and manager; Murray, third
base; Williams, shortstop; Bader,
center field; Greer, left field; Shuck,
right field; Wesley, catcher;
Schleiber, Von, Down, Demarre and
McDill, pitchers. Secretary Abern-
athy says he considers "thirteen"
as a lucky number and so he sent
that many players on the trip.

Steve Krimmins, of Louisville, a

O. Bauer vs. Gasoline Boat Hope.
Whereas a libel was filed on the
13th day of May, 1910, in the
United States district court, for the
western district of Kentucky, at Pa-
ducah, by O. Bauer against the
gasoline boat Hope, her engines,

To Modernize Your Kitchen Means to COOK WITH GAS

It Means Convenience, Comfort and Economy

YOUR neighbors cook with gas, why shouldn't you? Your neighbors have cool kitchens, and cook economically. They turn on their gas, and touch a match; they turn off their gas when through using; they have no kindling or coal to bother with and don't have to keep a fire going constantly. You can have all these conveniences just as well as your neighbor, so why don't you?

Maybe you are doubtful as to some of the statements we make. We are ready to back them up and will be glad for an opportunity to talk with you to convince you that **YOU SHOULD USE GAS.**

If you are off our gas mains let us hear from you anyway, for we are willing to make profitable extensions and maybe we could reach you. Talk "Gas" to your neighbors and we'll try to get them interested, too.

OUR COMMERCIAL DEPARTMENT has been organized to look after the wants of our customers. We will be glad to give you any information you may desire as regards gas for cooking purposes. Call us by telephone and we will send a representative to see you. But remember to be modern you should cook with gas.

GREAT CHURCH CONVENTION

Cumberland Presbyterians. May 22.—The members of the general assembly of the Cumberland Presbyterian church worshiped in the various churches.

Rev. J. T. Barbee, retiring moderator, was to have preached in the assembly tent at 11 o'clock, but not being well enough to be present the venerable Dr. Nathan Gill, of California, occupied the pulpit at that place.

Dr. Gill is eighty-nine years old. At two of the churches sermons were preached by women, at the Methodist church by Mrs. Woosley, of Kentucky, and at the M. E. Church, South, by Mrs. Bessie Cope-

land Morris.

Mrs. Morris and her husband, John R. Morris, of Texas, are both preachers.

Beginning at 2 o'clock a meeting of preachers, elders and members of the church seventy years old and

over, was held under the tent presiding by an hour the communion service by the general assembly. The latter service was conducted by Rev. J. H. Zewingle and Rev. John Hudson.

There were not far from a hundred persons over seventy years of age at the meeting of the old-timers.

An unusual and considering the strained relations now existing between the two factional wings of the church, unlooked for incident occurred in connection with the religious services the pastor of the Presbyterian church, U. S. A., requested that his pulpit be occupied by a delegate to the assembly, and Rev. F. A. Brown, of the Cumberland Presbyterian church, preached from that pulpit at 11 o'clock.

The assembly will hold its first session this week at 2 o'clock this afternoon, when Judge J. J. McClelland will discuss the lawsuits of the Cumberland Presbyterian church, and will urge their continuance to a finish, also whether new suits shall be instituted for the recovery of property now in the hands of the Unionists.

Judge McClelland is well equipped

for handling the subject from the viewpoint of the Cumberland Presbyterians, and in addition to his speech will probably submit a brief on the subject.

The state clerk thinks the assembly will conclude its work by Wednesday night.

Sunday School Convention. Washington, May 23.—Churches in every clime echoed the precepts of the World's Sunday School Association, which is holding its sixth convention in Washington, by the observance through a common form of service of "World's Sunday School Day."

Ministers of the gospel in every land preached sermons with the same theme, the value of the Sunday school and the duty of parents and guardians of the young in matters of religious training. Here services were conducted in all Protestant churches by convention delegates.

Presbyterian Assembly. Atlantic City, May 23.—Over ten thousand filled the big auditorium Sunday afternoon to attend a mass meeting for labor, the greatest popular meeting of the Presbyterian general assembly. Charles F. Nagel, secretary of commerce and labor, being ill, did not appear to deliver his scheduled address on the conservation of national life. Congressman Bennett, of New York, who declared he was speaking for the cabinet off-

icer, when he said that the national turmoil over the conservation of forests and national reservations was not nearly as important as the conserving of human life throughout the country.

Congressman Bennett hinted that the "coming report of the commission on immigration is likely to create a sensation in the number of preventable deaths caused in factories."

The Rev. Charles S. Steale, superintendent of the department of commerce and labor of the Presbyterian church, attacked the present individual and social condition among the working classes.

The officials of the Atlantic City Labor Union led a delegation of 2,500 to the meeting.

Southern Presbyterians. Lewisburg, W. Va., May 23.—With a view to leaving behind a lasting impression of the meeting of the general assembly of the Southern Presbyterian church in these mountains of West Virginia, ministers of that assembly scattered all along the Greenbrier river and adjacent mountainsides preaching to gatherings.

In this little town itself nearly every church was occupied by a visiting preacher.

The principal event of the day was the sermon of Dr. J. W. Bachman, moderator in the Old Stone church where the assembly is holding their sessions "Loving God with the Mind," was the subject of his sermon. He bespoke an intelligent love of God as bringing forth all things to the followers of Christ.

A corps of preachers were sent down the mountain to preach in Roanoke, the nearest telegraph station, and the proud little metropolis of this section. To White Sulphur Springs, W. Va., and Hot Springs, Va., and many other surrounding churches pastors were dispatched.

The Next Assembly. The honor of having the next assembly is sought eagerly. Houston, Tex., Chattanooga, Tenn., and Louisville, have been the most active in the endeavor to procure the meeting. The assembly will decide the matter on Tuesday. This afternoon the assembly will take up the question of church property. At night there will be a concert at the Presbyterian seminary in the town.

Besides considering on Tuesday the time and place of the next meeting, the assembly will give attention to evangelistic work, publications and Sabbath schools. At night home missions will be the subject of consideration.

On Wednesday questions of constitutional amendments will be taken up. The "elect infant clause," in the confession of faith also will come up for consideration on that day. At night foreign missions will come before the assembly.

Early in the week the question of the attitude of the church on mar-

riage and divorce will come up. It is the burning question of the conference. There are many schools represented by the commissioners and it is doubtful if the assembly will reach an agreement until after protracted debate.

Methodist General Conference. Asheville, N. C., May 23.—Nearly all of the newly elected bishops created at this session of the general conference of the Methodist Episcopal church, south, filled the leading pulpits in Asheville and vicinity.

The subject of the removal of the time limit is still a favorite theme, and the failure of the general conference to pass a law allowing a minister to remain so long as his congregation, presiding elder and bishop were satisfied, will continue to agitate the church during the next quadrennium.

Feared Suffragettes. The woman's memorial was defeated not because the women did not work hard, but probably because the more conservative men of the conference were afraid it would lead the suffragette movement. The women are stoutly denying that their measure meant anything more than a sincere desire to be of more and better service to the church. The question is far from dead, and it is safe to predict that a renewed and more powerful effort will be made to have women in the councils of the church and to fill all positions except that of preacher in charge.

Notwithstanding the fact that the

conference discussed for nearly an entire afternoon the subject of changing the wording of the creed from "the holy Catholic church" to the church of God, no action was taken, due to the fact that at the last moment the presiding officer, Bishop H. C. Morrison, ruled that the paper was not in proper form and for that reason could not be discussed.

It is generally understood that the college of bishops, with the exception of one member, Bishop James Atkins, was not in favor of the change in name of the church to the Methodist Episcopal church in America. The question will now be put before every annual conference in the connection.

So far as the church is concerned, the Vanderbilt university matter is settled. Many are of the opinion that the subject of ownership and the right of the general conference to elect trustees will not come up again.

Church Heavily Assessed.

It was proven that during the past four years the church had made great advances along educational lines, and at the session just closed provision was made for levying far larger assessments on the annual conferences for the purpose of still further aiding the good cause.

There was much discussion on the subject of increased assessments, some claiming that the church already is too heavily assessed. The theological department of Vanderbilt university will receive the benefit of part of this increase and the re-

mander will be turned over to the general board of education. It is thought that one of the best provisions enacted at this session was the one establishing a court of appeals, which will enable a minister under charges of his conference to appeal his case and not cause him to wait until a session of the general conference convenes. This court will have full power to either sustain the action of the annual conference or to reverse its findings.

One of the most radical laws made was that requiring the bishop to announce his appointments at an annual conference before his cabinet of presiding elders before giving them in open session of the conference.

Daily Thought.

He has not learned the lesson of life who does not every day surmount a fear.—Emerson.

FOOLISH QUESTION.

If a man who toils 14 hours a day, wears overalls and a checkered shirt, and his wife wears a poor quality of calico, how does it happen that the fellow who never works at all wears broadcloth and his wife wears seal skin?—La Center Advance.

Either the man who doesn't work and affects broadcloth and fine linen, was left a large fortune by his father, who did work, or he doesn't pay for what he wears, neither of which alternatives should appeal to the wholesome minded, well regulated American working man. If the first is true, it will not make the worker's overalls feel any more comfortable to envy the man in broadcloth; and if the second happens to be the case, the man in overalls can get broadcloth the same way, if he cares to—by not paying for them; but he would not be any better off or any happier by the change of raiment. So, why the inquiry?

A GOOD MEASURE.

The health department should be backed up by the general council in its effort to protect citizens against contagious diseases, especially tuberculosis, by contact with servants and laundresses. All the opposition that can be marshalled against the measure, becomes insignificant beside the doctrine of the greatest good to the greatest number. If the right of citizens to life and health are not more important than the question of a few cents to individuals, the general council will do right in defeating the measure; but if the health of the whole city, the welfare of its inhabitants and its good name abroad, are of supreme importance, then nothing should interfere with this plan. The reason doctors are leaders in these sanitary movements, is that doctors are in a position to see the consequences of neglect so much more clearly than the rest of us. Cases in which members of families, and especially little children in the hands of nurses, have caught diseases from domestic servants, can be multiplied. The servants come from unsanitary, unhygienic homes and neighborhoods and they carry to other parts of the city the results of those conditions. This work of preventing disease should not cease until school children are caused to undergo physical examinations, not only to protect the stronger ones from the diseases of the weak, but in order that too great burdens may not be laid on delicate constitutions, and that physical deformities that affect the development of the children may be discovered and corrected.

DON'T RAISE THE COUNTY ASSESSMENT.

Whether the state board of equalization thought it was adopting the sensible suggestion of a well known state senator who is reported to have said in substance, that if the tax assessment were what it ought to be and diligence used in collection of the taxes, the state would have plenty of money, we know not; but we do know the McCracken assessment for state purposes was

raised ten per cent and this county will contribute some \$9,000 more toward the expenses of the commonwealth this year.

The county, however, stands on a different footing. There is no complaint of a lack of funds for county purposes, as there is for the state. The fiscal court met and levied a tax on the then existing assessment sufficient for all the purposes of the county administration. That the assessment is not as high as the state board thought it ought to be counts for nothing, since the whole purpose of assessment and levy is to raise revenue. If the assessment for county purposes should be increased, the only logical thing for the fiscal court to do would be to reduce the tax rate correspondingly. Consequently, there is no valid excuse for the county, as it did last year when the state made a raise of four per cent, to increase the assessment for county purposes correspondingly. The distinct promise was made last year by the county administration that no raise in the assessment for county purposes would be made; but the raise was made just the same. If the state needs the money and this is the only way to raise it, there is nothing to do, but to collect the money for the state; but the county assessment should be allowed to stand as it was when the levy was made this spring.

CLARK'S KEYNOTE.

Champ Clark's keynote speech on the tariff in the house Saturday sounded too much like the made up argument of a special advocate; and not enough like the address of a statesman on a national issue. He laid the onus for the tariff fight on the president, by saying the appropriation for the maintenance of the commission is a scheme to postpone tariff readjustment.

Let us look at the president's position and then at Champ Clark's proposal and see which is the more reasonable and bears on its face the stamp of sincerity.

The president promised in the campaign a revision of the tariff, a provision for publicity of corporate affairs, a maximum and minimum schedule, and a commission to secure data on which future revisions might be based. The tariff was revised and reductions were made, though not so much as the president believed advisable. But he took the position that, it is impossible to arrive at a fair understanding of conditions, on which a rational readjustment of the tariff can be based, without first acquiring unprejudiced information, and the tariff commission is the only means of securing the data. Therefore, he considered the Payne bill a long step in the right direction and signed the bill. It does give lower rates than the Dingley law, which succeeded, and provides all these other advantages, which he deems necessary to a proper revision.

President Taft's position, assumes that the tariff is not a local issue, to be settled by compromise and barter between representatives from antagonistic sections; but a matter affecting the whole country equally, into which there essential factors enter; the revenues for the government, maintenance of the American wage scale, by protecting it from competition with foreign cheap labor; and the maintenance of American industrial independence.

Champ Clark calls the president's tariff board a trick, and he favors immediate revision of the tariff. Having no unprejudiced data on which to base his revision, Clark's keynote speech amounts only to this: he proposes for his party that if successful in gaining control of congress, it will immediately set about tinkering with the tariff, without any expert information, without regard to the wage scale or the industrial independence of the nation, without regard to the effect on business. That will be the issue, and the result is not hard to foresee.

STATE PRESS.

The State Fair Secretary.

The Kentucky state fair board is to be congratulated upon the reelection of J. W. Newman as its secretary. Mr. Newman is the right man for the position as his previous service has amply proven. The work of planning for the big annual exposition, which must fall largely upon his shoulders, we may be assured will be well done. He possesses the energy, enthusiasm and ability essential to his task.

But the board is to be congratulated even more heartily because it remained unmoved beneath the pressure to prevent the election of Mr. Newman, and give the office, with its emoluments, to Hubert Vreeland, the youngest member of the champion-job-holding family of the state.

The inside story of the Vreeland machinations to keep this berth, along with the gas inspectorship and a prison chaplaincy, for its own occupation is one of tortuous windings. If all its details were to become public it would disclose the brainy leader of the third house in a series of masterpieces of strategy. His failure to achieve his end and provide his brother with a good job is the more remarkable when one considers how seldom he has failed in similar efforts. Using his wide political knowledge for all it was worth, and wielding the Courier-Journal as a club, he has failed, and that is greatly to the credit of those members of the board who refused to be cajoled or threatened into doing his bidding.—Louisville Herald.

WHEN PRESIDENT W. H. TAFT SPOKE

TO INTERNATIONAL SUNDAY SCHOOL CONVENTION.

Day School Must Be Supplemented By Study of the Bible

OVER TEN THOUSAND PRESENT.

The Rev. G. W. Banks, pastor of the Fountain Avenue Methodist church, sent the following report on Saturday's session of the International Sunday School convention to The Evening Sun:

Before time for the Sunday school convention to open, the great assembly hall, Fifth and L streets, was filled to its full capacity. The building is said to hold 10,000. Many attractions clustered about this service. Aside from the fact that several features were in the program, President W. H. Taft was to speak and such an announcement will bring out even a Washington crowd. The chief executive never grows old. President Meyer from time to time begged the great crowds to help him keep order and silence. He said wait until you get home to do your talking that may go on till midnight.

Prof. E. O. Excell has most noce of the power of song which he had in his younger days. He still is the center of melody. A chorus of 500 voices were back of him and the audience joined in and the familiar songs of the western continent roared.

A letter announced the adjournment of the congress of the United States on Friday at 4 p. m. in order that the members could participate in a great men's parade. The resolutions and preamble set forth splendidly the position of the United States on religious matters.

It is a great inspiration to hear more than fifty nations repeating the Lord's prayer in the remarkable words: "Our Father who are in heaven," etc. Surely the nations will be brought closer together with such a prayer. This itself will at last make war impossible.

At President Taft's coming the audience rose and sang "My Country, 'Tis of Thee." Dr. Meyers introduced the president. Mr. Taft said in part: "It is a great honor to welcome a great convention like this to Washington when the city is most beautiful. 'As the twig is bent so will the tree grow.'"

"Our public school system is a great agency, but that is not enough. There are those who think that it is dangerous to education unless it is somewhat religious. We all agree that Sunday school education is necessary to uplift and make characters. Mr. Raikes began Sunday school work in 1781 and then did much of the work that now is done by the public schools. There were some church members that were opposed to Sunday schools, but they have disappeared. We have 1,000,000 teachers and 8,000,000 pupils in the United States against 1,000,000 teachers and 8,500,000 pupils in all the balance of the world. The greatest value does not come to the pupil but to the teacher. The reference of your president to the death of King Edward will do much to guarantee the peace of all nations."

Mrs. Taft came with the president and reference was made to her and her presence, when Mr. Taft rose and said: "She is the real president of the United States."

All this was richly enjoyed by all present.

Mr. John Wanamaker made a splendid response to the president, and said that no doubt the president was at one time a Sunday school scholar and maybe a teacher. "Mr. Taft came here as the attorney general for a cause in which we are the plaintiffs. He has won the case and that without the jury leaving their seats." If the Sunday school workers were properly distributed every square mile in North America would have five workers. More than 1,500,000 is a mighty army. Robert Raikes wrought mightily and well. The work moves on and on—"Give the gospel of Jesus Christ to America and the youth is safe, and if the youth is safe all the rest are safe." Character built upon the rock foundation is what makes a nation great. Sunday school work is like the "tariff" it has been organized upward. We pray God save the king, but let us rise up and say "God save the children." As Mr. and Mrs. Taft left the building the audience rose and sang "Star Spangled Banner."

Other speakers came later and said many wise things. Among them Bishop Honda, of Japan. Mr. Honda is the first bishop-elect of united Methodism in Japan, and was introduced a few days ago by Bishop Hendrix as the Bishop Asbury of Japan.—G. W. BANKS.

A GOOD WAY TO USE HYOMEL.

Besides breathing through the inhaler a few times a day, many catarrh sufferers write that they find inhaling Hyomel from a bowl of steaming water each night before retiring a great aid in curing stubborn cases.

Try it; it's very simple; gives quick relief and makes you breathe easier.

Fill a bowl half full of boiling water; pour into the water a half teaspoonful of Hyomel, cover head and bowl with a towel and breathe through nose and mouth the medicated antiseptic and healing vapor that arises.

This method relieves that stuffiness at once and makes your head feel clear.

You can get a bottle of Hyomel at druggists everywhere or at Gilbert's drug store for only 50 cents. Ask for extra bottle Hyomel Inhalant.

But bear in mind if you want a Hyomel inhaler you must buy a complete outfit which only costs \$1.00. But as stated before; if you already own an inhaler a bottle of Hyomel costs but 50 cents.

Hyomel is guaranteed by druggists everywhere and by Gilbert's drug store, to cure catarrh, sore throat, coughs, colds, rose fever, asthma and croup, or money back. Try it on that generous basis.

AT THE CHURCHES

Rain was responsible for the slim attendance at all the Paducah churches last evening. In some instances the small congregations were dismissed after a short service of song and prayer, while other churches succeeded in carrying out the regular order of service.

The evening services were a decided contrast with those yesterday morning when the warm weather brought out thousands and the churches were largely attended.

Probably the most impressive services of the year were held at the Grace Episcopal church yesterday morning. The rector, the Rev. D. C. Wright unfolded the meaning of "Communion" and said it was the acting out of the fact and theory of brotherhood. He contended that there is no brotherhood other than spiritual and there is no social, economical or political brotherhood. Brotherhood outside religion is a theory, he said. An excellent musical program was rendered by the choir and orchestra. The soloists were Mrs. Lela Wade Lewis, Miss Ethel Calais and Mr. R. D. MacMillen. Only short services were held last night.

Yesterday morning Dr. H. W. Burwell preached the second sermon of his series on the three great commandments. Mr. Richard Scott sang the offertory. Next Sunday the collection for foreign missions will be taken up. At the prayer meeting Wednesday night Dr. Burwell will continue his series of addresses on the Lord's prayer.

Services at the Broadway Methodist church were well attended. The Sunday school was excellent, 98 in the Bible class and a number of visitors. The congregation filled the house in the morning and the pastor delivered a helpful sermon on "The Kind of Preaching the Present Day Demands." There was one application for church membership. Mrs. Edward Lyle sang the offertory. The rain in the evening prevented services. The pastor will deliver at the prayer meeting Wednesday evening an address on the general conference and its legislation.

A large congregation attended the services at the First Christian church yesterday morning. Miss Ethel Hawkins sang a solo. At the evening hour the few members present were dismissed with prayer. Wednesday evening at prayer meeting the Rev. W. A. Fite will talk on the subject of "What is Heaven."

F. D. Dunant and Charles Grainger were installed as deacons at the Kentucky Avenue Presbyterian church yesterday morning. A review of the church work was given by the pastor, the Rev. A. B. Landis. No service was held last evening.

"Glorious in the Cross" was the subject of the Rev. J. M. Burgess' sermon at the First Baptist church yesterday morning. Only a short song and prayer service was held last night. The Rev. Mr. Burgess returned to his home in Blandville this morning.

"Ever Alone" was the subject of the Rev. J. R. Clark's sermon last evening at the North Twelfth Street Baptist church. A good service was held in spite of the heavy rainfall. There was one addition at the morning hour.

The first week of the protracted meeting at the Tenth Street Christian church was finished last evening with a total of eight additions. The meeting will continue throughout this week and probably be concluded next Sunday. "The Humberg of Paducah" will be the subject of the Rev. G. B. Wyatt's sermon tonight. Yesterday morning the Bible school reached the attainment of a first rank school.

On account of the inclement weather last night no service was held at the Guthrie Avenue Methodist church. The revival is still in

IN OKLAHOMA

PADUCAH CONCERN LANDS BIG GOVERNMENT CONTRACT.

Superior Quality of Their Product
Secures the Job for Hill &
Karnes.

Score another one for Paducah
enterprises. This time it is the Hill
& Karnes Brick company that has
brought the fame of Paducah made
products to the forefront. In com-
petition with at least a hundred
brick concerns, this company has
landed a brick contract in Lawton,
Oklahoma, notwithstanding the great
difference there is in the freight
rate on their brick and others
offered. (The brick will cost nearly
three times as much in Lawton, due
to the freight rates, than they sell
for here).

But, read the letter below, which
is self-explanatory. The McHenry-
Beatty Co. is a contracting firm
engaged in government work. They
are building the new postoffice at
Mayfield, and are erecting an In-
dian school at Lawton. Hill &
Karnes furnished them the brick for
Mayfield, and they were so satisfac-
tory the McHenry-Beatty Co. will
use them at Lawton. There are
probably no more exacting inspectors
than those on government jobs, and
every brick on the Mayfield post-
office passed the most rigid inspec-
tion. It was this fact that com-
mended them to the McHenry-Beatty
Co., and influenced them in giving
Hill & Karnes the contract.

Per C. O. Beatty, Member of Firm.

Hill & Karnes have captured the
biggest contracts for brick that have
been let in Paducah this spring. The
City National bank, the First Na-
tional bank and the Hughes-Ellis
apartments contracts. They make a
specialty of the highest grade mold
face brick and have quite established a
reputation for it.

IN SOCIAL CIRCLES

Mr. E. W. Whittemore and Mrs.
Sherrill Marry.

A wedding that will be a surprise
to their many friends was that of
Mrs. Hattie L. Sherrill and Mr. Ed-
gar W. Whittemore which took place
Friday in Metropolis, Ill.

The marriage was not announced until
this morning when friends received
letters from the couple, who left
Paducah last night for Chicago and
cities in the east on a wedding trip.

The ceremony was performed at
the parsonage of the First Methodist
church of Metropolis by the Rev. J.
T. Adams, pastor of the church. Only
a few intimate friends of the couple
were present, and Mr. and Mrs.
Whittemore returned to Paducah
Friday afternoon. They kept the
nuptials a secret until leaving on
their wedding trip.

The bride is a popular milliner of
the city, and is a handsome woman
of the brunette type. Her wedding
gown was of Duchess satin, trimmed
in lace, with hat and gloves to
match. She is the daughter of the
Rev. and Mrs. R. W. Chiles.

Mr. Whittemore is a popular real
estate dealer of the city. He has
been in Paducah about 11 years, and
has a host of friends in the city and
this end of the state. He is a Bos-
ton man. He is a prominent local
man and is the worthy grand patron
of the Kentucky Eastern Star, and
is eminent commander of the Paducah
commandery of the Knights
Templar.

Mr. and Mrs. Whittemore will re-
turn from their bridal trip the last
of the week and will be at home at
514 North Sixth street.

Miss Marianna Young, who is a
student at the Blackstone college at
Blackstone, Va., will arrive home on
Saturday for the summer. A fire last
week so seriously damaged a por-
tion of the dormitories of the college
that they could not be used and the
girls were compelled to go out in
the city to board. The commence-
ment in consequence was held a
week or more in advance of the usual
time. Miss Young will visit some
of her school friends in Lynchburg,
Va., this week. She will return to
Blackstone next year.

To Return This Week.

RAZOR BACK

NO GOOD IN FRACAS, SO LELA
GRUNDY FOUND.

Failed Her Purpose to Scalp Lula
Cole Saturday
Night.

Manipulation of a razor in slash-
ing wasn't quite in Lela Grundy's
line Saturday night and she found
out this "gentle art" on her part,
had been sadly neglected when she
attempted to scalp Lula Cole after
both had engaged in a quarrel that
stirred the entire neighborhood.

Lela's aim was bad and instead of
whittling Lula, the wrong side of
the razor came down with terrific
force on top of Lula's kinks. Be-
fore Lela discovered which side of
the razor to use Patrolmen Kirk and
Mitchell had pounced down on them
and both negroes were hustled to
the police station. The Grundy wom-
an was fined \$50 for disturbing
Lula's "rats," and Lula was dismis-
sed. A charge of malicious cutting
against Lela was dismissed.

The charges of malicious shooting
and carrying concealed a deadly
weapon against Fred Hobbs, colored,
were continued until Wednesday. He
is alleged to have taken a shot at an
unknown negro Saturday night.

Other cases were:

Breach of peace—Mack McKin-
ney, fined \$20; Will Gray, fined \$10.

TEXAS ROADS RESIST.

Will Fight in Courts Proposed Cotton Rate Reductions.

Austin, Tex., May 23.—The Texas railroads have decided to resist in the courts the railroad commission's order reducing the freight rate on cotton four cents a hundred pounds. Injunction proceedings against the order will be instituted as soon as the commission issues the new tariff the legal proceedings causing post-

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Oronogo, Mo.—"I was simply a nervous wreck. I could not walk across

the door without my heart fluttering and I could not even receive a letter. Every month I had such a bearing down sensation, as if the lower parts would fall out. Lydia E. Pinkham's Vegetable Compound has done my nerves a great deal of good and has also relieved the bearing down. I recommended it to some friends and two of them have been greatly benefited by it."—Mrs. MAE McKNIGHT, Oronogo, Mo.

Another Grateful Woman.
St. Louis, Mo.—"I was bothered terribly with a female weakness and backache, bearing down pains and pains in lower parts. I began taking Lydia E. Pinkham's Vegetable Compound regularly and used the Sarsaparilla and now I have no more trouble that way."—Mrs. AL. HEEZOG, 522 Prescott Ave., St. Louis, Mo.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

ponement of the reduced rate until after the cotton season.

The railroads claim the reduction means a yearly loss to them of more than one million dollars.

Both are experienced newspaper men, and no doubt will make good.

BACCALAUREATE TO COUNTY PUPILS

DR. G. T. SULLIVAN PREACHES AT LONE OAK.

Beautiful Services Held in Methodist Church—Some Very Fine Music.

THE ADDRESS IS PRACTICAL.

The Rev. G. T. Sullivan, pastor of Broadway Methodist church, preached the Baccalaureate sermon to the county graduating class at Lone Oak yesterday. Professor Ragdale, of the county high school, presided. Mrs. Adams, from Mayfield, sang a beautiful solo, and the choir rendered several anthems.

Dr. Sullivan said in part:

"I feel happy in the presence of 51 young ladies and gentlemen and this large audience, as we meet this hour to honor this graduating class. The desire is to stimulate them for higher attainments and encourage them to make new and progressive discussions in the field of knowledge. For a foundation the prophecy of Daniel 12th chapter 4th verse will be appropriate: 'Many shall run to and fro, and Knowledge shall be increased.' From this prophecy a theme will answer our present purpose, namely, 'The spirit that dominates the present age.' The text has a full and definite meaning in the present outlook and is being fulfilled. Many agencies, many teachers, many philosophers are busy as leaders and instructors, so that knowledge is filling the land and will increase until the whole earth is filled. First, 'The spirit of transition is manifest.' We are going out of darkness, superstition, ignorance; we are getting the light, knowledge, wisdom, truth and leaving the old things behind. Second, 'The Spirit of Formation,' rather than reformation, dominates. We are forming new character, true ideals, true methods, making men and women stronger and better citizens than the world has ever known. Third, 'The Spirit of concerted effort dominates.' The work of correlation is abroad. Our leaders are getting together and are using the best. The dross and half are thrown away and the real and useful are put into positive service. The day of experiment is passed. We now know what to do and how to do it. Fourth, 'The Spirit of liberty dominates.' More money is given to elevate the race and cultivate the youth than ever before. Institutions endowed, colleges and scholarships opening for worthy students, and libraries being established throughout all the land. The day is glorious and inspiring. Fifth, 'The Spirit of fraternity dominates.' We are face to face with the brotherhood of man. The unity pervading all realms is charming. There are things to be deplored, but a mighty tide for good is felt and seen. The union of forces is for man; to lift him up, hold him up and help him to grasp the dignity of his being. We are developing him in the body, head and heart and placing him in his rightful place in the universe.

The sermon closed with a personal appeal to the class to be true, brave, simple, religious, and to make heroes and heroines in the strife for the world's redemption.

DIVIDE SWOPE ESTATE.

Another Suit in Case Filed at Independence on Behalf of Mrs. Logan Swope.

Kansas City, Mo., May 23.—Another suit to partition the estate of the late Col. Thomas H. Swope was filed today at Independence, near here. The suit was filed on behalf of Mrs. Logan Swope, and it asks a partition of the property left to the five unmarried daughters of Mrs. Swope. It covered different property from that named in the suit filed by Mrs. B. C. Hyde, wife of Dr. Hyde. The court is asked to determine judicially the interest of the various plaintiffs and defendants in the properties listed and to appoint a commissioner to sell them and divide the proceeds among the respective heirs. Mrs. Hyde is made defendant.

TRUTH ABOUT KING GEORGE

TEETOTALER AND ONE OF GOOD DOMESTIC TRAITS.

William T. Stead Refutes Alleged Misstatements About the Monarch.

THE NEW RULER IS A GERMAN

London, May 23.—King George has now been on the throne for a week, and it is about time the truth was spoken with emphasis, in order that a mass of lying, calumnious statements about him should be dispelled once for all, says W. T. Stead. It is pure ignorance, no doubt, which may or may not have had some origin in fact in the remote past, but the story now current that the new king is a confirmed drunkard is neither more nor less than an infernal lie.

So far from the king being a drunkard, he is nearer a teetotaler than any king who has ascended the English throne. For years past I know, on first hand authority from those who have lived in his house, dined at his table and traveled with him at home and abroad, he has been one of the most abstemious of men. He has never claimed this as a virtue on his part.

"My father," he would say, "and all the men of the older generation take their wine and are never the worse for it. As for me, I simply cannot. If I were to take a glass of champagne, it would simply bowl me over, hence I have to stick to my ginger ale—not because I like it, but because it is the only thing that likes me."

Home Life Ideal.

The simple truth of the matter is that the king's digestion is very bad. A very little thing upsets it, and when he suffers indigestion his lips become livid, his nose reddens and his hands grow cold. These symptoms which are very familiar in certain forms of indigestion, have led unthinking persons to imagine that the king was suffering from intoxication, when in reality he had never touched either wine or spirits.

I was told the other day by those who know him well that it is nearly two years since he touched a drop of alcohol. About that I can say nothing. All that I know is that those who know him best are indignant at the persistent circulation of stories as to his fondness for strong drink.

Equally false are the stories that have been circulated about the married life of the king and queen. Their home is simply ideal from the domestic point of view. They are both devoted to their children, and are never so happy as when they can shut all the world out of doors and can devote themselves to each other and to their children.

Common People's View.

But of this devoted couple the most incredible falsehoods are circulated by people who accept them without any malicious desire to believe them true—simply hearing them continually repeated, assuming they must be true.

The other day two workmen stood before Buckingham palace and began to talk of the two kings. Said one to the other:

"It is a pity the old man's dead. He was a good sort, was Edward."

"Much better," said the other, "than the new one, who, it is said, goes to bed every night drunk."

"Ah," said the first, "the sooner that chap has his head taken off, the better."

King George is German.

Berlin, May 23.—"King George of England is a German through and through. He is no more an Englishman than is any German citizen of purely Teutonic descent."

This is the keynote of numerous articles in the German newspapers, in which King George is requested to maintain good relations with Germany and show himself more friendly to Germans than Edward was.

"If George is our enemy he will be a traitor to his own blood." This argument is repeated on all sides by the German press and is driven home with a demonstration of how purely German George is. His pedigree consists of 128 ancestors. Of these 118 are German, mostly of minor German princes and grand dukes. Even his mother, who is a Danish princess, is descended from German families, for the whole Danish dynasty, is of purely German origin. For the last seven generations George's ancestors, paternal and maternal, are purely German. It is necessary to go back to the grandmother of George I. Elizabeth Stuart, to find the first and almost the only English blood in George's veins, and Elizabeth was really Scottish, and not English at all.

A German writer, Belgard, is to be indicted on a charge of lese majeste for belittling the imperial family in publishing a story holding up to ridicule one of the kaiser's remote ancestors, Joachim, the first elector of Brandenburg, who reigned in Berlin from 1499 to 1535.

The story published by Belgard is apropos of the comet, and says that Joachim was victimized into believing the earth was doomed to destruction in 1525, and that on July 15 of that year Joachim fled to the mountains to escape an inundation

OBVIOUS FACT

**STOCK MARKET HESITATES
 OVER DROP.**

Readjustment On Lower Level of
 Values Seems Certain to
 Henry Clews.

COUNTRY USED TO ACTIVITY

New York, May 23. (Special.)—
 Inertia is the chief obstacle to im-
 provement in the stock market at
 this time. Activity has been checked
 by various considerations, not the
 least of which was the temporary
 cessation of business in London out
 of respect to the memory of King
 Edward. The delay in placing our
 bonds in Europe also had a deterring
 effect. Continued cool weather in all
 sections of the country and consequent
 backward condition of the
 crops was another element which put
 a damper upon inordinate optimism.
 There is also a general slackening
 up in business which seems to be ex-
 tending. Commodity prices had
 reached a prohibitive point, and now
 that downward reaction has set in
 buyers naturally hesitate until satis-
 fied that the decline has reached its
 limits.

There is no question but that a re-
 adjustment to a lower basis is going
 on in industrial and mercantile af-
 fairs, a readjustment that will prove
 highly beneficial and pave the way
 for renewed activity at a later date.

Unfortunately, the country has be-
 come so accustomed to high pres-
 sure activity and advancing prices
 that it cannot experience any move-
 ment in opposite directions without
 becoming unduly discouraged. It is
 a question if the national business
 nerve has not been weakened by too
 prolonged prosperity, since it now
 takes unnecessary fright at the
 slightest sign of reaction. It has
 long been insisted upon in these ad-
 vices that the country would be ben-
 efited by some sort of readjustment;
 our industrial machinery being out
 of gear because some portions had
 advanced much more rapidly than
 others. We are now going through
 a period of this character in which
 equilibrium is being restored. There
 is no occasion for undue anxiety, and
 after a period of moderate retrench-
 ment we may look forward to re-
 newed activity, provided the harvest
 realizes expectations. At present the
 crop outlook is promising, although
 containing spots of disappointment.

Considerable injury has unquestion-
 ably been done to wheat in Kansas,
 but this should be offset by a larger
 corn crop. The same remark will
 apply to the country as a whole. A
 larger acreage of cotton is in pros-
 pect, and it is still too early to in-
 dulge in pessimistic views regarding
 any of our crops. A cool and back-
 ward spring can hardly be considered
 detrimental when accompanied by
 adequate moisture, and it should be
 remembered that a few warm days
 will quickly place the crops upon a
 satisfactory footing.

The monetary situation shows fur-
 ther improvement. Interest rates
 are now declining in the interior,
 and call money is likely to be abun-
 dant, cheap, till harvest requirements
 set in. The western loan situation
 excites some apprehension owing to
 the land speculation, but interior
 bankers are now showing a much
 more conservative spirit, and there is
 less uneasiness in this quarter.
 Abroad the monetary situation is
 also better. Interest rates are de-
 clining in both London and Paris,
 and the outlook in this respect is
 even more favorable than anticipat-
 ed. Just what reasons have led to
 the delay in our bond negotiations
 abroad are not yet divulged. Two
 prominent issues have been taken,
 and it is presumed all others will fol-
 low. It is quite possible that the
 terms were not satisfactory for the
 reason that investors are insistent
 upon better returns. The 4 per cent
 bond has become a drag on the mar-
 ket, and more attractive returns
 have to be offered in order to se-
 cure purchasers. This accounted for
 failure of the Philadelphia loan.
 There were plenty of buyers, but bet-
 ter inducements were necessary. The
 fact that new applications for cap-
 ital are numerous and that larger re-
 turns must be offered than formerly
 is one of the important features of
 the market at this time, and prom-
 ises to divert attention from bonds
 to stocks. The latter have already
 had a considerable decline, and a
 number of good issues can be found
 returning 5 per cent and upwards.
 Europe is likely to be a good buyer
 of our securities, provided the terms
 are satisfactory. A favorable feature
 has been the decline in wheat and
 cotton, considerable quantities of
 which have been held back from ex-
 port by high prices. For some time
 past our foreign trade has been ad-
 versely affected by the deficiency in
 exports, and the present declining
 tendencies of commodities will doubt-
 less hasten the restoration of equi-
 librium between our imports and ex-
 ports. Europe's purchases of bonds
 fortunately restrict gold shipments
 which otherwise would have run to
 a point stimulating distrust.

 tion, as usual at this season, the

A BLESSING.
 Not to the man of dollars,
 Not to the man of deeds,
 Not unto craft and cunning,
 Not unto human needs,
 Not to the one whose passion
 Is for the world's renown,
 Not in the form of fashion,
 Cometh a blessing down,
 But to the one whose spirit
 Yields for the great and good;
 Unto the one whose storehouse
 Yieldeth the hungry food;
 Unto the one who labors
 Fearless of foe or frown;
 Unto the kindly hearted,
 Cometh a blessing down,

MRS. MARY YOUNG

FOUND DEAD IN BED AT HER CAIRO HOME.

Funeral and Burial Here Wednesday —Leaves Only Her Husband.

Mrs. Mary E. Young, a former resident of Paducah, was found dead in bed at her home in Cairo Sunday morning by her husband, Mr. Charles D. Young. Death is thought to have been the result of heart failure.

Mrs. Young had been feeling badly, but was able to be up Saturday as usual and was seen with many of her friends on the street. She was apparently in good health. She retired at her regular hour Saturday night and when Mr. Young awoke yesterday morning and tried to rouse her, he was horrified to find her cold in death. She had died in her sleep without warning.

She was 55 years of age and a former member of the First Presbyterian church here. She had been living in Cairo several years and has many friends both here and there. She was a member of the Knights and Ladies lodge of Cairo. The body will arrive here at 7:30 o'clock this evening, accompanied by her husband. The funeral will be held Wednesday and burial will be in Oak Grove cemetery. She is survived by no children.

The body of Mrs. Charles Young, who died at Cairo, will be brought to the home of her sister, Mrs. Joseph Wagner, 820 South Sixth street, tonight at 8 o'clock. Another sister is Mrs. W. S. Broadfoot.

FRANK DUGAN

PADUCAH BOY ADVANCES IN I. C. SERVICE.

Becomes Division Storekeeper at Memphis, Distinct Promotion.

Frank Dugan, who has been division storekeeper for the Illinois Central railroad at East St. Louis, has

been advanced to the position of division storekeeper at Memphis, which is a larger office. The official notice of the change was received today in Paducah, and his many Paducah friends are pleased over the recognition given his ability. The promotion was made owing to the changeup made in the department by the resignation of John M. Taylor, general storekeeper.

Mr. Dugan was succeeded by J. King of McComb, Miss., and B. T. Adams of Memphis, was transferred to Vicksburg to succeed Davidson, who was advanced to the position of assistant general storekeeper.

Mr. Dugan is a Paducah boy who has by hard work and his ability

worked up to the responsible position. He started in the local shops about seven years ago as a helper, and worked his way up as a clerk in the storekeeping department, where he served five years. Last September he was promoted from assistant general storekeeper of the local office to division storekeeper at East St. Louis. He is a son of Patrolman Mike Dugan. Mr. Dugan was in the city yesterday and accepted the congratulations of his many friends. Master Mechanic J. H. Nash will leave tonight for Chicago, where he will assume charge of his new position, superintendent of the Burnside shops.

Frank Theobald, chief clerk in the

master mechanic's office at East St. Louis, was in the city yesterday visiting relatives and friends.

The May issue of the Illinois Central employees' magazine was received in the city today. Among the illustrations is a full page halftone of the bridge over the Tennessee river at Gilbertsville. The magazine is filled with articles of interest to the employees.

Mr. N. A. Alquist, master car builder, returned this morning from Memphis.
